“ Though it has been many years, I will never forget how nice of a man and neighbor A J was. Never have forgotten the memories we had as children on Poplar. Our parents were always involved in our activities at home, church, and school. AJ was right there with us, as he will always be with you. Thoughts and prayers are with you Berta, Dwight, Darren and families. Love, Linda Etchison Davis

“ My Papaw was the heartbeat of our family. My life and that of my families will never be the same, but we have our memories and stories to continue guiding us. He had the purest heart and most selfless soul of any person that I knew. There was not a decision he made that he did not think of others before himself. His love for God, his family, and my Grandma was something you would never question if you knew him. He taught me what a man was supposed to be.

So much of my childhood was spent at my grandparents' house, there are countless memories that I will hold dear to my heart. Grandpa was a giant among men. He was strong and humble; and kind. There was not a problem that he could not solve; and a tear he could not fix. His strength in our lives came from God and grandpa spoke HIS word at every opportunity. Heaven has gained one of its truest ambassadors and we will miss him more than words will ever be able to describe.

I love you papaw. Until we meet again.

“ Today the world lost a great man and an amazing soul, but God gained another bright star to light up the sky.

It seems like only yesterday I was a kid waiting for Grandpa AJ to pick me up halfway in Strawtown in his old Chevy truck to take me to Grandma and Grandpas house for a fun weekend visit in Anderson.

I remember taking rides on his old tractor, helping him pick apples and grapes and Grandpa teaching me how to chop wood.

I remember Grandpa sitting in his chair with a cup of coffee smiling as he watched his children and grandchildren open gifts every year for family Christmas.

I remember Grandpa always being the last person to grab a plate at family gatherings because he always wanted his family to be fed first.

I remember the hardworking, selfless man who always talked about his love for his family, Jesus and most of all my grandmother.

God blessed me with an amazing grandfather and role model that I will lookup to for the rest of my life.

Grandpa I love you and will miss you.

When I see you again let's take a ride in that old Chevy, talk about family, and God and the amazing life you lived.

Your Grandson,

Justyn Webb

“ Today the world lost a truly great man and heaven gained a precious soul. I have so many great memories with grandpa. I remember riding around the yard on his lap on the mower, Easter's and Christmases. I remember him coming out to help my dad cut trees and always wanting to be involved. I remember the radio knobs and

compass in his old beige truck. I remember wanting to help him with anything I could (my favorite being getting down in the crawlspace with him.) Most of all though, I remember his compassion, his selflessness, his love for God, and all of the wisdom he had to offer. He was always the last to fill his plate, and the first to do the dishes at family gatherings. I am so thankful to have had 32 years with him as a role model. He was truly one of the greatest people this world had ever seen. I can't even fathom the amount of lives he touched over the years, always serving as a disciple for God. I will see you again someday, Grandpa, until then, rejoice in heaven. You deserve it.

“ Life will truly never be the same!

Today we lost such a precious soul, but I must say, heaven gained one heck of an angel. Grandpa, words can't even begin to express how much you will be missed. To know you was to love you, and the amount of lives you've touched over the years is such an amazing thing to witness.

I've never met a single person who didn't speak of your genuine kindness, love, and how GOOD of a man you were. I can definitely thank YOU for my orneriness, but more than that... thank you for all the incredible stories and knowledge you shared over the years, They are truly some of my fondest memories, aside from the countless lawnmower and bicycle rides. But most of all, I thank you for being one of the greatest role models and witnesses in my life for the Lord. The impact you've had on my life is one that I can only hope to have on others with my time on this earth.

I know you are completely rejoicing and singing so loud in heaven and I can't wait to see you again. Until then.. keep your orneriness under control and save me a good seat.

I LOVE YOU
