“ My soul was deeply moved when I learned of Doris's passing. She has been such an encouragement in my life. Everyone she was associated with was elevated by her encouragement and her to desire to share all that she learned. I played dulcimer with Doris for over twenty years. Time has never stood still but I am sure heaven has a place for Doris and all the talents she was given. To Jack and all her children; I wish you the best and hope there will be joy ahead in the memories you have stored throughout the years. Fondly, I will remember her always. Love, Vickie Gundrum and Family.

“ Jack and family

I heard this morning of Doris's passing and was simply shocked. I played dulcimer with her and she was absolutely wonderful....she offered me to buy one of her dulcimer's, helped me understand the music, and was always very caring about my progress. I have wonderful memories.

I also know that Karl was coached by Randy and that is another memory that we all hold together.

Doris was such a musician and a kind, kind soul. I am sure this will be a big transition for your family.

You have our prayers. I am so glad I got reconnected with her in this latter part of life.

“ To Doris' family,

I met Doris through the Indiana Polymer Clay Guild and treasure the time we spent together. She was so supportive, encouraging and fun. I will miss her positive presence and will cherish even more the piece of polymer clay in my living room that she created. My thoughts and prayers are with your family.
