“ There is really no words that can express how much I miss my brother. He was my hero and an amazing brother who gave me so much. He does live on in my heart forever but I sure wish I could pick up the phone and talk with him again. He wasn't perfect like most us but he had one of the most loving and caring hearts of anyone I have known. You could always count on him being there for you through life's ups and downs. Even though he experienced his own life issues he would always listen to mine and be a comfort to me whenever I needed him the most. He would be the first and often the only one to offer help even to those who hurt him. No matter what he would be there for you.

He left us way to soon but I am extremely grateful that he was my big brother and more.

I love you my dear Brother and I thank you for the love you gave me all these years.

Anthony
