“ To the Family of Maxine, I want to extend my deepest sympathies to your family. I had been doing my clinicals at Millers and Maxine was my resident that I took care of. She was a beautiful person and had a wonderful smile. Even though I was with her a short time she made a huge impact on me. She taught me how to be a better nurse in the future and for that I am in debt to her. I will never forget her and I wanted you all to know that you have lost a loved but gained an angel. She will be greatly missed. Always Marie Fischer
