“ Bert was on the T56-427 program with me in 1985. We became friends and socialized at happy hours, golf and bowling. Bert was an excellent bowler and was the team leader. I will always remember his humor and his competence as an engineer. Fair winds and following seas, friend!

“ Bert was one of the good guys! He helped myself and many others at work, with his extensive knowledge of the configuration management system at Rolls-Royce, which was greatly appreciated. In addition, Bert ran a bowling league which was a great social event after work on Tuesdays for many years. Three of us from the bowling team also went for Happy Hour on Fridays after work for several years, to wind down for the weekend.

Bert will be sadly missed by many people! I am grateful to have had him as a friend!

“ Too many memories to share. He did dogsit my beloved dog Emmett, that's what started our endearing friendship. I sure hope they have reunited in Heaven along with his parents and others he had lost over the years. Rest in peace my dear friend, Bert.
