“ Son I do not even know where to start. i love and miss you immensely. I am grateful you rest in peace and no longer suffer. Although without your presence here, you have left a legacy that will forever live on through us because of you. You always thought of others before yourself. You always made sure everyone had when you felt you had nothing. You were the most kind hearted person. I ask you watch over Grandma, Aunt Tony's, your brothers and sisters, uncles and aunts, nices and nephews, cousins and friends. Son I love you and thanks for all the great memories. This is not goodbye but instead I will see you soon. Son I miss and love you and may you be at peace. Love always Dad!

“ Andrew, you left us way too soon. You tried to persevere, you worked to overcome many obstacles and you reflected loved to those around you. Your void will be felt, may your healing be complete! Love Uncle Don
