“ There are so memories that I had with my Aunt Angie. There are a very few that make me laugh and scared at the same time. I remember when she burried me in the leaves to take pictures of me. I also remember the time when I was curling my hair at the somewhat famous vanity and burnt my eyeball with the curling iron. There are so many precious memories that I have with her as a young child I can't specify which ones were the fondest. They were all fond memories to me. I want you to know that no matter what you will always have a special place in my heart.

“ My most vivid memory of my Aunt Angie was when she still loved with memaw and Papaw and we would go to visit. I would love to sit at her vanity and do my hair. I can also remember her taking us to the park that was close to the house! I love you and will mostly miss your laugh!

“ To a great aunt. Sorry I could not make it to the service. Out of my own selfishness I could not bear the emotional stress. We had some good times when we were in town to visit. One of my most vivid memories be it good or bad was the day we went to the "park" and I fell in a hole and cut my leg. Not a pleasant memory, nevertheless a memory that was shared by us both. God Bless your children and thank you for some breif yet unforgettable memories. Michael Mickey
