“ Barbara Jackey was my Grandmother who I loved and cared for so much. Her whole life She was selfless! Giving to others and taking care of her family. Took pride in what She looked like all of her life. My grandmother was independent until She was 86 years old and altimerize set in. Her family took advantage of her and did everything they wanted to do instead of her wishes when She passed away. I want to personally apologize to everyone that knew Barbara Jackey and went to her funeral. This is a good example of what happens when families don't come together. She had her funeral planed and paid for with Loose funeral home and they went with someone who was not originally in charge of her final arangmemts.
