“ Retyping My sincere sympathy to the family of Bette. Bette and I were "neighborhood buddies" at the age of 10. She helped me learn how to ride a bicycle one summer before I was given a bike. Later we were friends in high school, and both married our high school sweethearts. Although we did not see her at our HS reunions, she was always in our hearts and minds. Our class has suffered a loss in her passing. Judy McClintic Dick, Chairperson AHS Class of '56 Reunions
