A very special thank you to all of the wonderful people at the Lodge Assisted Living facility and Harbour Manor for the excellent care, love and compassion that they showed to our entire family. Also wanted to mention the CNA's and kitchen staff as well they went above and beyond to be sure that not only our mother but our entire family was taken care of up to the very end with visits to see her and tell her that they loved her and then making sure that the family had food and drinks as well. These kind gestures meant so much to each one of us more than you could ever know.

“ *I would like to express my sympathy to Bev's family on her passing. I worked with Bev at the Army Finance Center. What a wonderful lady and friend she was. I will always remember the feisty red head that loved to laugh.*

My deepest sorrow to the Hepfer family. When I went with Rod in high school at Pendleton High and Rod would take me to his home Beverly and Newel would love to tease me and I will always remember and love Beverly's laugh. Prayers to them and the family

“ We would like to express our sympathy to Beverly's family. Bruce rode with Beverly to and from work at the army finance center at Ft. Harrison when he lived in Anderson. Liz was also glad to meet Beverly when we went with a friend for breakfast at the Cracker Barrel several years ago. Beverly used to keypunch some of Bruce's computer programming code, and he thought that she did an excellent job on it.

“ *I was so saddened to hear of Beverly's passing. She and I grew up together in Fortville and always celebrated our Birthdays together, mine being Dec. 29th. . Donna sent a Birthday card for Beverly this year and told me she had been confined to a wheelchair. We had so many good times together and she will always be remembered for her sense of humor and positive outlook on life. My Sympathy to the entire family.*

“ I met Bev when she married Newell (Jasper) when I was about 5 years old, and they moved in right next door to me and my family. That's been well over 50 years ago. Along with the Wilson's, the Burnett's, the Mundell's, the Whitesel's, and the Hood's, we (the Stewarts) and the Hepfer's were the original kids in our neighborhood. And what a neighborhood it was!! Playing "red light/green light" in the back yards, pick-up baseball games over in Weaver's field, riding our bikes just to the "turnaround" and back, finally able to ride all the way around the block, that wonderful parade that Rod put on, birthdays, summer vacations, Christmases, growing up, graduating from Pendleton Heights High School! Those are the memories of my childhood. Now all the adults from me childhood have passed on. There are new families in the old homes. Another generation of kids live in the old neighborhood. Thank you, Bev, for being a part of my childhood!

“ Beverly was a very dear friend that we have known and loved since 1986. We have shared so many good times and meals together with her and husband, Newell, having been on cruises and bus trips with them. Also enjoyed going to the Paramount Theater for many years to attend the Big Band Series shows. No one enjoyed laughing and having a good time as much as Bev. The Hepfer family is very dear to us!

“ Bev was a rider in my car pool back in the early 1980s. I remember Bev as always a happy person who shared her happiness with others. She always had a smile on her face and a kind word for everyone. She was a joy to get to know. Bless you Bev.

“ Though I only met Beverly a few times at Special Olympics Events she was always a delight and being friends for many years I have heard what a wonderful person she was. Believing that your children are not only your legacy but a direct reflection of the person you are Donna has shown me that this was a very loving, caring and extraordinary person and I wish I could have known her better.
