“ Bill and Mayo were characters. Lived about 400 feet from them as a child. Spent most of the time running from these guys. Mayo would kid about cutting my ears off, everytime I saw him he would reach in his pocket as to get his knife. I would fly across the field. Bill wasnt much better he would run me down and tickle me nearly to death. They were great guys. They both called me Elmer...,dont know why. My name is Gary Detling. They were part of the good ole days.
