“ *I started in the Electronic Monitoring space a little over 10 years ago, the first conference I attended Brian came over and introduced himself. Oddly enough we are both from Cincinnati OH. Over the years we saw each other on numerous occasions, spoke regularly and became friends. He was just a great person. Even working for another EM manufacturer Brian was very welcoming and one of the most sincere people I have ever met. I had the pleasure of meeting his wife and daughter yesterday and am very sorry for your loss.*

“ My deepest sympathies for the Currie family. Brian is now in our future. The Apostle Paul gave some words of comfort to church and I would like to share them. The are in reference to the resurrection. I Thess. 4:16-18, " For the Lord himself shall descend from heaven with a shout, with the voice of the archangel, and with the trump of God: and the dead in Christ shall rise first: Then we which are alive and remain shall be caught up together with them in the clouds, to meet the Lord in the air: and so shall we ever be with the Lord. Wherefore comfort one another with these words." You will remain in our prayers.

“ I didn't know Brian, but his twin brother Scott is an absolutely amazing person. I consider him my Cornerman! So if Brian is anything like his brother or his parents, he must of been a wonderful human being. I have dedicated my 10th bead on my Rosary to pray for his soul and have already offered up a Plenary Indulgence for him. May God Bless him, his wife, his daughter and all of his family during this very difficult time.

“ I had the honor of knowing Brian for 29 years, as we both began our career's in the Electronic Monitoring industry with a small company called Guardian Technologies, LLC. Brian always had a positive outlook and he always had a way of cheering you up with a pleasant smile and positive attitude regardless of the situation. I remember going to a Bengals game and even though the Bengals lost he had a positive attitude on the rest of the season for the Bengals. We both graduated from the University of Cincinnati and I enjoyed our frequent discussions on the UC Bearcat's football and basketball teams. Brian will be deeply missed and our condolences go out to his entire family.

With Deepest Sympathy,

“ *To the Currie family, the entire law enforcement and corrections community are with you in this time of sorrow and we all will miss Brian very much.*

I met Brian in 2010 when he came to our department to show us the GPS equipment we still use today. He immediately became a friend. He never talked down to anyone and would go to great lengths to answer any question. He was obviously an expert on the BI equipment however, he never made anyone feel inferior. He was always positive, kind hearted and the go to guy if there was any problem. He always had the answer or found a solution. It was an absolute pleasure to work with him and to know him. The world has lost a very good man. Our hearts go out to you and our prayers are with you.

“ Brian was a rare soul- so kind and noble. Funny & always had something nice to say. It was a pleasure to know him & work with him. When we worked together and I wrote proposals for his area, he was super easy going & always had a teasing comment & a smile to share. Nothing but good memories. He will be greatly missed. Condolences to the Currie family & know that you will be in my prayers as you go through this time of pain & heartache. Thankful for the time I had to get to know him & enjoy his friendship.

“ I met Brian in 2001 at BI Inc. and quickly realized he was an incredibly genuine and caring person. Over the years we became friends and he was affectionately nicknamed “Hawkeye” (I thought he looked like Alan Alda in MASH - Hawkeye Pierce). We haven’t worked together for many years but stayed in touch as friends. I was fortunate to spend some time with him in December of last year. I always enjoyed my time with Brian. It’s rare when a person makes you feel so comfortable and grounded but Brian always did. My deepest condolences to the Currie Family. I’m very sorry for your loss.
