“ I remember many family dinners which were always happy events and usually included some kind of recently caught fish. I remember the kindness to the Simmons children.

“ I have been his Daughter, Janet's secretary for 22 years. I am so blessed to have known Bernie. My special memory of him was when our offices were in their home and he would come back to the office while I was typing and bring me the oblong mints that had chocolate on the outside and the green mint on the inside. I don't remember the name of them but I sure remember him giving them to me, smiling and walking away. He was a great person and I am so glad I was able to have known him. I am thankful that his pain and suffering are over and he is in a better place. Teresa Marsh

“ "The Great Spirit who gave our Grandfather his first breath also receives his last sigh." Although we must sadly say goodbye to our much loved Grandfather, his spirit lives on in our many special memories of him. We will forever appreciate all that he shared with us ... his strength, his humor, his love of nature and the outdoors. His occasional strong opinions and demanding ways reflected a true family man, who was teaching us to do things right the first time! and to expect the best from ourselves. He will be sadly missed by ... Rick, Karen, Tom & Steve

“ I remember times he and Areva would watch myself and my two brothers while our parents were gone. We LOVED sitting around the kitchen table playing the card games they would teach us. Especially Kings on the Corner.
