“ Ive never met a more selfless person. Carson worked for a friend of mine for a long time and was an awesome worker and friend. He always thought of everyone else before himself, even when he had nothing. He was not only a friend to me, he was a dear friend to my son and his family and for that I am thankful. He struggled so others could benefit. My thoughts and prayers are with your family Carson... until we meet again.

“ Where are the words to say at a time like this?
Our Son-in-law worked with Carlson and when we wanted a new patio Carlson was recommend with a glowing endorsement. When we met Carlson at our home he was a kind spirited man. We knew he had battled a tough past, but today is the day that matters, and we hoped that we could part of a positive "today" for him. Our patio, and repairs to front walkway, were probably some of the last pieces of work that he did, we can not look out our front or back doors without shedding a small tear.
We got the call around 8:30 Thursday morning from our daughter and it dropped us all to our knees. This loss is felt by many. May you, his family, know that you are in our prayers for peace through this time.

“ I am so sorry for your loss . My grandsons say Carlson was a very hard and talented cement person and a nice man. Carlson was my grandsons' paternal uncle. May he RIP.
