“ Carole was an outstanding person; her knowledge, gift of teaching, and caring made her very special. The many friends and associates that had the priviledge of knowing her, benefited from her knowledge that she freely shared. She had a good sense of humor and a contagious laugh. She gave great hugs and always knew what to say to make someone feel better. Her life ended too soon, but I am relieved to know that she is no longer suffering. I will miss her. My thoughts are with all of you. Let me know if I can help in any way.
