“ *The first time I got to meet Casey in person, she came to hang out for the weekend (a friend of my ex husband's at the time), and we had a super small apt with 4 kids already in it. I was so worried about where she would stay because all we had was a loveseat, and there was no way I'd have been comfortable on that!!! She got there and I apologized for not having adequate sleeping arrangements. She responded with a, "no problem, I'll fit on this!", and plopped down on that loveseat! Sure enough, it was perfect! Haha That was my introduction to Casey, and I've loved her since!! Never once did she allow negativity to overcome her, no matter what! She will continue to be an inspiration to all she touched in her far too short life, and I will forever be grateful to have called her my friend!!! We've all been so blessed to have her in our lives! I'll always miss you, Casey Jo!*

I became acquainted with Casey through my daughter Leslie. Casey was a spitfire, petite and so cute. We would communicate via Facebook and texts. She was a good friend to my daughter and always had a great sense of humor! Also she had a heart of gold willing to help anyone in need...Heaven has gained an Angel!
