“ So hard to believe such a beautiful soul was taken from this Earth way too soon. You will forever be an Angel as you were in this place. I wish we didn't have to say goodbye. We will meet again and you can tell me everything you've been doing. I love you Caydi Lynn! I know you are at peace now and that makes everything a little bit easier to deal with but the hole that has been left in my heart by your passing will never be filled. You are a beautiful light.
