“ Today I was looking on a few ancestry sites for some of my family on my Dads side there's not a lot of Gunn's. As I'm looking I come across my uncles obituary it's really sad I am this mans 1 and only biological niece and I had no idea he passed away. I spoke to him 7 years ago when my father his one and only sibling James Gunn Jr passed away yes they were estranged and my father asked me not to try to contact my family in Indiana for his own reasons but I know they loved each other every much. The older I got the more my father kept me away. But as a child when he was nowhere to be found it was this man right here my uncle Charles and my amazing great aunt Ida Lee (more like a grandma the older I get I look just like her) who took care of me every summer I stayed with them when I was a child. At age 7 Uncle Charles would pick me up from the airport and straight to Red Lobster he's the reason I love lobster he was my first date. It hit me so hard when I saw this my heart just sank I know life grabs ahold of people and people change but I have nothing but happy memories of my uncle. I tried to reunite him and my dad but God had other plans Gods got them now reunited without all the craziness of this world just 2 brothers lovin each other like the good old days. RIP Uncle Charles I Love and will never 4get U thank you for being so kind to me Gunn4life Love, Jamie
