“ Charlie thought of as my step father for my entire childhood. He was in my wedding in 1988, giving me away. I live in another state and I was not even made aware of his illness or passing. That is pure selfishness on the part of the Lycan family. They knew of me and Charlie's love for me through the years and Jim knew where my mother and I lived. We could have been notified. He will always live on in my heart. They can NEVER take that away from me. I will always miss you Charlie,
Your daughter, Teri Lloyd Tadlock
