“ I hadn't seen Chris in a few years and was saddened to hear of his passing! I have known Chris most of my life and always considered him a friend. We had some great times in our youth. It was always great to see him out we would catch up with each other like it had only been a few days since we had last talked. I will always remember him and his smile! RIP old friend until we meet again!

“ I met Chris in middle school and will always remember his humor, his bold spirit, his love of music, and his fearless loyalty to his friends. Chris was a rare, special human being that gave color to this world. My hope is that his family and close friends find peace in knowing that Chris offered something intangible to this world that we will all miss. Rest my beautiful friend.
