“ You & the rest of the family are in my thoughts & prayers Karen. Call me anytime- even if you just want someone to yell at ! Connie was the first one brave enough to keep Jimmy his first night away from home when he was around 3/4 years old ! And they both survived it !!

“ Connie and I were best friends growing up together. One of my favorite memories was when we would climb the apple tree in my yard and eat all the apples we wanted. It was our "secret hiding place", although everyone knew where we were. I will miss running into her at the grocery store and talking about the fun times we had as kids. Our memories will be forever present of someone who was so special to so many people. With deepest sympathy during this difficult time, my thoughts and prayers are with you all.
