“ My papa was one of a kind. This is the toughest loss I'll ever have to go through.. I remember being such a daddy's girl. His nickname for me was BoobyDoo. I wanted to be everywhere he was. I'd sit on his lap while he mowed the lawn, whenever he went fishing I always wanted to come. I loved being on the boat with him and one of my favorite memories when I was young was when he'd take me out on the wave runner. I'd always sit in front and he'd fly all over the water and I was just having the time of my life. I remember going with him to band meets and rehearsals. I loved going to shows to hear papa sing and see the band play. His cooking was the best, hands down. Our favorite meal to eat together was a big ol steak and a plate of greens n hot sauce. I wish papa could have been around to teach Camden how to be a good man and to be strong, like papa. I know he would have been one of the biggest impacts in my sons life had he had the chance to do so. Not a day goes by that I don't think about him or miss him. He may be gone, but our beautiful memories of him will never die. Until we meet again.
Love, BoobyDoo.
