“ I first met Dennis the first quarter I went to Ball State. In 1977 .He was full of life and fun to be around. There were issues then that did not make sense. Kim, I feel so bad for you, and can't imagine what you have gone through. I knew about the conviction, but did not know about the suicide until recently. He will always have a positive memory in my heart! I am a song relating person, and still think of him in a fun way when I hear those songs! I hope the best for you and your three children! Take care!

“ I am so sorry to hear about Dennis. I am so shocked....he was always so full of life and always smiling! Not only did I work for his family but we would always see him at the local tennis courts!! Sometimes he was playing himself and sometimes he would just come to support the Indians!! He will be missed! Our thoughts and prayers are with you all.

Having been a long time friend of your family, my heart aches for all of you, as you have had way more than their share of tragedy. Please know that you all are in my thoughts and prayers, and, David, I am especially thinking of you right now. Take Care, Penny
