“ I send my deepest sympathies to Denny's family. I am so grateful and fortunate to have known Denny and to call him a friend. We attended and graduated Goshen College together. We became friends almost immediately having dorm rooms just down the hall from each other. Although Denny was different from the average Goshen student in so many ways (he was super clean cut, always well dressed, and took personal hygiene very seriously 😊), he fit right in and became friends with many because he was so affable, fun loving, and easygoing. His confidence and competitiveness were second to none. Although we had not chatted in a number of years, I will forever miss my friend.
