“ *As another great one leaves his shell to join the heavens, sorrow and loneliness are followed close behind. However Donnie Odem's passing should be remembered as a happy one, as he was a wellspring of happiness;filling us with it effortlessly. The jokes and stories he would tell and the laughter we shared is how we should remember one such as Donnie.*

*We will miss him, however he will always be here in our hearts and memories. So let us never forget all the wonderful times we shared, as no one wants the ones they love to be sad.*
