“ Donna had been a friend of mine for 55 years. We met in Alpha Omega Sunday School Class in August 1969. We were newly married and did not know anyone in class. Donna quickly greeted us and our friendship began. Over the years we saw each other at church and church activities. We would have lunch together occasionally with other church friends. When she was ill, I would often visit with her at her home. When she became ill recently, I had the opportunity to spend time with her by taking her to a doctor appointment which gave us lots of time together to reminisce. I will be forever grateful for that opportunity. We had several long phone conversations as well. Donna was a very classy lady and a very sweet friend. I will miss her, our friendship, and our long conversations.

“ My heart goes with you in this difficult time. Donna was a close friend for many years - we were involved in Girl Scouts together and boy, did she ever intimidate me when I first met her! But over time we got to be really close. She was a true jewel and I enjoyed being with her.
