“ This is just so hard to comprehend. Doug was my best friend in college and he, Julie, and I lived together my senior year. We had such great times and wonderful memories! My only regret is that we lost touch over the years and I wish I had stayed more a part of his life! Reading these posts just reminds me of how great a person he was and how he will be forever missed. Though we didn't stay in touch, I thought of him often and longed for those “good ole days”. I hope Julie and the girls find peace in Doug's memory and that Doug rest in peace with his Mom and Dad now.

“ Dad, you were the best father anyone could've asked for. You always put us first and gave us unlimited amount of support. You will be missed by so many people and I honestly don't know if you knew how much of an impact you left on people lives. Thank you for everything you did for Jordan and I. Thank you for loving him like he was your own son. I promise to make you proud and be strong. I love and miss you so much dad. Love, Kelsey. ❤️

Kelsey, I knew Doug McLean in Lewis, Kansas. He was a very great guy and great friend! We had a lot of fun and we really liked each other.

I just got a message that he had died! 😞 WHEN?

I'm so very saddened to hear this!

PLEASE LET ME KNOW IF IT'S TRUE!

I 🙏 it isn't!!

“*This man was the kindest, sweetest, funniest Uncle! The love he had for his daughters (my cousins) and his wife Julie (my aunt) was incredibly tangible. Our love and hugs go out to his family in this difficult time. I will forever miss you so much, Uncle Doug!*”
