“ Tammy and Brittany, You do not know us, but we were in the ER with our son the night of the accident. We were in the bed next you Tammy. When the Doctors were with Brittany, we heard the most Unselfish thing we think a person could say. Though she was also injured she said to the doctor, "Dont worry about me, Please just help my Daddy". That struck our heart strings and we knew at the point that Doug must have been a man who was loved very much. By reading the other messages left this has been confirmed. You two have been in our prayers since that night and will continue to be. Our sincere condolences on your loss.

“ To Doug's family, I never had the pleasure of meeting any of you, but my father was very impressed with Doug and thought of him highly. To see my dad in such pain over a friend told me that he respected Doug a lot. I know that it is such a hard time for you, but I thought I would let you know that my dad thought the world of your husband and father. I know that he is praying for you and I just thought it would be nice for you to know that he touched my dad's life. You are in my prayers. Stephanie Lockhart
