“ Doug was a great friend of mine through out the years. (13) I will remember him by his kindness and wanting to help others by educating them especially women on proper women's health care. I will never forget vacations and travel with my dear friend and how helpful he was with advice and getting me the right resources to help push me for higher education when I chose to go back to school. His family and son were great aspects of his life and he never stopped talking about them either. You will be missed by many!

“ Doug was one of the nicest people I ever met. Through high school and cutting his hair years ago to the wealth of knowledge over Covid and womens medical issues he shared from his research. Always had a smile for everyone and was so kind. Prayers for his son and rest of family because I know they are going to feel this absence for along time. And for his son he was so proud of you.

“ Doug was great to share his knowledge. During Covid, there was so much misinformation and I asked him many questions. I always admired his sharp mind. He was SO proud of his son, whom he spoke of frequently. He will truly be missed.

“ I’m deeply saddened to hear about Doug's passing. I was a high school classmate of his and I also had the pleasure of scrubbing with him in the OR for several years at Community Hospital. I admired Doug's wit and his wealth of knowledge.
