“ As maintenance foreman in Plt. 18 for several years I interacted with Fred on numerous occasions. When we had a few minutes to spare the conversation always ended up laughing our heads off while talking about the latest Red Green Show. He was a good man and will be missed.

“ Our thoughts and prayers are with you Karen, with your children and grandchildren, and with Fred's mom too. We were shocked and saddened to learn of Fred's death. Seems like only a few years ago that you and he were busy making plans to get married. May the many fond memories of that lifetime shared warm your heart and bring a smile to your face just like the one Fred is wearing in his picture. Although we haven't connected in several years, we've thought of you often. No words can express our sympathy. Truly our hearts are aching too. Wish there was something we could do to comfort you. Hope knowing others care helps in some small way. Take care dear friend.

“ I will be unable to attend, because I fly out of state early friday morning for a week on business. Fred was a great person to know. I do the electrical work for HFH and Fred has helped me several times. He had talked about his sons who do electrical work. He had the passion for giving of himself a trait we all need to learn from. May God help you through this time. Dave Humphrey
