“ To George's family...I was sister Lola's high school friend and got "adopted" into the 9 member Miller family when I was 14....such a talented bunch...mother Ethel was my inspiration over the years. George included me in his letters home when he was overseas during WW2. Quite a thrill for a teenager.

“ My memories of Uncle George are of his mechanical ingenuity, especially the go cart that he built for his kids. He will be buried on his sister Louise's 93rd birthday... and I feel sure that she has welcomed him at the Pearly Gates!
