EJ

“ My mom had an inner strength inside her that I have never seen in anyone ever before. She found the strength to go on even though her diagnosis was dim. She loved her family & Jerry so much that she held on for us even though she felt so bad. She kept hoping for a miracle and I wish that I could have found that for her. For all of her loved ones that read this find peace in knowing that she loved you very much and is not in pain anymore. She would not want to see us cry for her even though I can't stop crying because I loved her so much and miss her. If you ever talked to my mom you would know how much family meant to her. Family was the most important thing to her. My mom is my hero and I will never forget all that she has taught me and how much love she had for all of us.

“ Glenda will be greatly missed...she was loved by many. I was truly blessed by her in many ways - especially since she helped me receive an incredible Daughter - my precious Amber!! I Love to hear Amber talk of the times and Love they shared which she can now pass on to her children...there is no other love like that of a Grandparent. Now Glenda can watch over from above without any sickness and "Fly high Somewhere Over the Rainbow"...my Love and sympathy to all.
