“ My heart goes out to my second set of children and their family. Glenn Max will forever be in my heart. Being my first "love" I learned from him many things. I learned to see beauty in things I never imagined. Though our paths went different directions, his children were like mine and he was always good with mine. Being my first "heartbreak: also taught me how precious love is. He knows I loved him then and forever as did many people. I would give anything to have that old heartbreak over this emptiness in my soul now. My heart goes out to your family. Love, then, now and forever. Dana Gammon Short
