“ My friend, I will always miss you and never forget any or our time together. I will miss our talks and our adventures so very very much but I know all I have to do is go down to the river and you will be there and there, in the water among the fishies, I will find the peace to accept this. I'm grateful you are no longer in pain and I know the pain of losing you physically in no way compares to all you endured in your fight and battle. You are the strongest man I have ever known whether it be physical, emotional or mental strength, it's always been you as my rock. Thank you for being you and being a great friend and a wonderful man! K and Z, you always knew your father was special but I don't think you knew how special he truly was to so many others. Your father is very very loved and so are you two...Love, Jill

“ You will always be in my memories as a fun loving, and kind friend and co-worker. I will miss, but never forget, your smile, your jokes and the sound of your laugh. May you rest in peace in the hands of God.
