March 29, 1969 - May 26, 2024

Gregory "Greg" Allen Huey, 55, passed away surrounded by loved ones on Sunday, May 26th, 2024, at his home in Fishers, Indiana. He was born on March 29, 1969, in Anderson, Indiana.

Greg grew up in Pendleton, Indiana. He graduated from Pendleton Heights High School with the class of 1987 and was in the top ten percent of his class. He then went to Purdue University and graduated in 1991 with a bachelor's degree in electrical engineering. Greg was a member of the Purdue Cycling Club.

Greg spent several summers as a teen working at Falls Park and Brown Pool. After college, Greg moved to St. Joseph, Michigan and worked for Zenith Data Systems and IntelliMedia. Greg later moved back to Indiana and started his career with Cummins Inc. located in Columbus. He was employed by Cummins for over 25 years and had various roles within the company including systems engineer and most recently, manager of mid-range automotive current product controls. During his tenure at Cummins, he was an inventor on a team that was granted a patent for a system that would automatically select an oil pressure sensor based on sensor type.

Greg was a photographer for the Associated Press at the Indianapolis Motor Speedway (IMS). He has taken photos for over 25 years at IMS and worked

his was up to the coveted photography position in Turn 2. Notably, he had Ed Carpenter, Danica Patrick and Jimmie Johnson crash photos published world-wide in publications such as Sports Illustrated, ESPN, USA Today, and many more. He was a member of the “Indianapolis 500 Oldtimers”. He became a member of the organization after having been actively engaged in the Indianapolis 500 for over 20 years.

Greg was an avid memorabilia collector of all things racing. This included crew uniforms, replica cars, posters, autographs, visors and just about anything that he could find that was unique. He also had a hobby of customizing die-cast cars to match the actual sponsorship logos.

Greg was a life-long learner, and his love of reading began at an early age. He was interested in knowing information, stats, facts, and could always spot any grammatical or spelling error in print or media.

Throughout his adult life, he played co-ed volleyball and took part in cycling. Greg loved watching sporting events of his alma-mater Purdue University and attended numerous basketball, volleyball and football games. He also had fun watching and attending Pacers and Colts games.

Spending time with family and friends was important to Greg. He loved a good joke or pun, had a great laugh and especially had fun being the ‘cool uncle’ to his niece and nephew over the past 20 years. Greg and his girlfriend, Ali, enjoyed many adventures including taking train rides, exploring the zoo, attending sporting events, visiting racetracks and bird watching.

Greg is survived by his parents, Mary Lou Huey and Bill (Nancy) Huey, sister, Cindy (Rudy) Lee, and his niece and nephew, Ethan Lee and Taryn Lee. Also, surviving is his beloved girlfriend, Alicia Pryor.

“ In the short nine years that I knew Greg, he became a wonderful friend and made a huge impression on me. I wish I had been fortunate enough to have known him much longer. His visits to Florida to attend the St. Petersburg IndyCar race with me were one of the highlights of my year. He will be missed but never forgotten. I think about him all the time.

I always enjoyed our time together, his smile and the little routine he/we shared in announcing the last hour of practice (commonly known as happy hour).*

I will never forget the the friendship that Greg and I developed over our passion of photography and INDYCAR racing he was a true friend and will deeply be missed, but never forgotten!

*My Mother married Greg's father when he was 6 years old. We were a "mixed" family, but we grew up together as brothers and sisters. We were together on holidays and every Christmas Eve. Greg had a wonderful laugh, I can still hear it. Rick, my brother, used to be such a jokester. He made Greg laugh a lot. We all shared many birthdays together as well. He will be so very missed by all of us 4 kids that made up the "new" additions to our blended family for the past 48 years!! We may not have shared the same blood, but we were brothers and sisters in love and in spirit always!! Love you Greg!!
