“ I remember Jack when I was younger around when I was 15 or 16. His son Jack was in the same grade I was back when we both went to Highland High School. Jack Jr. and I played football together and I always got to see his dad after practice at the school. My father, William "Bill Swafford would talk to him like he known him for years. Even Jack Jr. told me we were related. It wasn't until I started doing genealogy later in life that I realized that Jack Sr. mother was Inez Swafford. Inez was sister to my grandfather Joseph Ross Swafford. After father died in 1971, we moved to the city and I never got to see either Jack for a long time after that. Jack Sr. was always kind to me.. and dad and him were good friends til father died in 1971. You always miss family when they are gone. Jack Sr. will be missed by me alot.

“ *My condolences to you upon the passing of your beloved husband and father. Working for and around Jack many years at Guide, I picture him just as he is shown in the obit, smiling and always jovial. He was always quick with a pat on the back or something funny. May the good Lord give you and yours a sense of peace through this difficult time.*
