“ To my dad that i loved very much. There are so many things we want to say to our parents. One is that we love you very much. two is that i know you worked very hard all your life to give me things in life that has carried me to the person i am today. You worked extra overtime so i can be in the band and to go on trips and i remember the time you drove me down to florida. I always knew that you loved me very much, i knew through your actions and your words. Im going to miss you so very much. But i am so glad that i was there with you when you went to the lord. You are in a much better place. You are with your mom and dad and your brothers and sisters. And one day dad i will see you again. I will love you always.
