“ Tom & Cathy You may not remember me, but I started' work for Jack a few days before his birthday in 1988 until his retirement. He was a good boss and always the gentleman to me. Course he fired me a few times and I quit a few times but he always called me back to work. We wrote letters when he moved to Florida..but when my husband passed away in 2002 I was in ill health I kinda lost contact. He did send me a Christmas card and said he was going to the doctor then. He always liked fishing in Michigan. I know he would go on a week end and I would stay with Alma until his return. His brother Sam had a mobil home or something at the lake and they would fish together sometime. Jack was his own man tho..but I will always remember him with fond memories. He treated me with respect. Love You Cathy & Tom Genny ColemanFennell
