“ I would like to extend my sympathies to Jack's wife and family. I taught with Jack at the old Roosevelt School and admired him so much. We were a school family back then and I have wonderful memories of those times. You will all be in my thoughts and prayers.

“ I was so saddened to hear of Jack's passing. I truly did enjoy working with him in Occupational Therapy late last year. I was so pleased to see him improve and get home. I know the past several months had been a struggle for both of you with him being in and out of the hospital. In just the short time I had the opportunity to spend with Jack, he had a peasant easy going manner. He was always quick to give words of encouragement to another patient or spout out funny comment or joke to get some one to smile. I am sorry for your loss. Please take care of yourself and comfort in knowing he can rest now. Sincerely, Leslie Lawrence, Occupational Therapist, Community Hospital Andreson
