“ Don was a good person. I was his step-daughter-inlaw for several years. I was married to Alice Haney's son--Earl Polson. We all had some really good times shooting pool in a big barn like building they had on their property. We'd all stay up all night enjoying games of one sort or the other. Also had Christmas get-togethers over there. Some times our whole family was there together, which was a lot. I hadn't seen Don in a number of years and never knew how to find him. I'm really sorry that this is the way I did. My sympathy to all his relatives.

“ I am the daughter of Earl Polson. My deepest condolences. My memories of Don were from holidays in Noblesville in the "building" playing pool. Also when he and Grandma would come to Richmond on the mail train and we would meet them at the diner for coffee.
