“ This is the only way I know to talk to u anymore... I cant hardly take going to that grave and talking to the ground or that cross. I wanted to bring u home, we could just talk to u whenever that way, like we had always talked about and u said u wanted so badly, but ur family decided alot of things and changed who u were and what u really wanted.. I still dont know why they've done these things to me and our kids, it just doesnt make any sense. I know I started dating very soon, but it was AFTER u were gone.. I did meet him before as we all know, but u know as well as I do that there was nothing going on at all until a few wks after the funeral. And since we are on that subject.. why did u break my heart by cheating? I never did that to u, not even once! But I met ur g/f at the funeral and several others afterwards.. I truly believed u were faithful.. mean to us all the time and a horrible attitude and temper.. but faithful nontheless. I loved u so much, u did so much to me.. to us.. and I still stayed by ur side and stuck with u, but that doesnt seem to count for anything these days. Ur family has made me out to be the bad guy just bc I started dating, thats the only reason. Ive done nothing wrong and I was the one who took care of u and dealt with the temper and everything for 13 yrs.. but I guess it just doesnt matter. We miss u so much, u have no idea.. I cry at least once every single day of my life. I just still cant believe this happened.. especially like this. So unexpected and so fast. I know u are still here in a way.. we can feel u around. Even the kids say things about it sometimes. Pls just help us get through this.. somehow get ur family to back off, stop judging me and saying horrible things to the kids about me which always seem to be exaggerated of course or just plain lies! I dont care what they do amongst themselves.. as much as it hurt bc I did consider them my real family for so long.. I wrote them all off when they started doing this, especially when they said it was my fault u had heart disease!! So I dont care anymore what they do or say, as long as its not to our children, that is not right to mess with their mental and emotional state at all, even if I was doing something wrong. I miss u Mike, I know if u were here u wouldnt be allowing any of this, u would be protecting us. I will always love u most above anyone else. U will always be the love of my life.
