“ Dear Tony and Brent, My Mom and my brothers and I are very sad to find out that your Mom has passed. We had a lot of memories together as kids. I can still see your Mom and my Mom playing cards at your house or at our house depending on the weekend. They were always laughing so much and it made me laugh a lot. Your Mom was always so funny and sweet. It was always easy to be around her and we all enjoyed her immensely. This is how I remember her. Also, my Mom has shared with us through the years all that your Mom taught her and how much fun they had growing up as neighbors. She considers your Mom one of the most special people in her life. She's been telling us these stories since we were kids. We have been very lucky growing up in Pendleton so that we have very special memories that are very funny and loving. Wishing you both much love. Marcie Downing

“ Brent, Tony and Ron, I was surprised and saddened to hear of Kay's passing. We had been friends since we were about 12 years old when her family moved next door to my family. We shared so many fun times in school and also when we had young families. She taught me so many things, and I will always be so grateful to her for her friendship. After moving to Indy 20 years ago, I haven't seen her very often. I have really missed seeing her and laughing with her. My sympathy goes out to all of you. I know what a loss it must be. Sincerely, Jane Downing Lewis
