“ When life held troubled times and had me down on my knees
There's always been someone there to come along and comfort me
A kind word from a stranger, to lend a helping hand
A phone call from a friend, just to say I understand
And ain't it kind of funny, at the end of the road
That someone lights the way with just a single ray of hope
They wear so many faces, show up in the strangest places
To grace us with their mercy, in our time of need
Oh, I believe there are angels among us
Send down to us from somewhere up above
They come to you and me in our darkest hours
To show us how to live, to teach us how to give
To guide us with the light of day by Alabama "Angels among us"
