“ Mom, I wish to find the right words to console you during this time of grief. As no words are fitting except to say I Love You Dearly, for wanting me here to be next to you at your Husband and my Father's passing and the days following. I would not want to be anywhere else. We have our memories of a wonderful Husband & Father and all He has done for so many. Mom I see your sorrow and tears, some day many years the remembrance will turn to beautiful ones. You and Dad love family and friends those you hold Dear to your hearts. That is so important to you both. I will always Love my Father as He Loved all the children you & He raised most may not have been blood related but we are His children. I Love you Mom, Your Daughter, Tina Keen

“ I can never thank Uncle Joe enough for all the kind words and wisdom that he gave me over the years. He introduced me to the world of fishing and I've been able to pass that on to my own son and daughter. I had the pleasure of sharing some of those good times on the phone a few weeks back. We laughed and cried and shared some wonderful times from the past. I'll never forget what he shared with me on that day. He told me as long as he had a roof over his head all of his family would have a place to call home. I've never meet anyone that has opened his heart or home up to so many people. Joe was such a loving husband and father. He would have given up everything to help his family and friends. Unfortunately the years went by to fast and we all take time for granted until it's to late. I only wish I wouldn't have waited so long. You will always be loved and never forgotten. We should all take a moment and learn from Uncle Joe and remember that family is the most important thing in life.
