“ *Granddad Art, although you and I never had a chance to sit down and discuss the fine things of life. I've heard so many wonderful stories about you and I am heartbroken to hear of your passing. I really wish I could've gotten to know you better, but there's still hope. One day in the future, the past and future generations of the Frawley family will reunite and on the day we'll all just have to go fishing or check out the races. I know now, you are in a better place looking down upon us smiling. You will be missed but forever in my soul! I love you Granddad!*
