“ I just wanted to say that I am glad to have known John, I only had about two years with him at Ed Martin's, but in that time he showed me what real dedication and friendship were. I don't think I have ever till now nor likely will ever again meet a more dedicated man in my life. I only hope that I could be half of what he was to his work and family. Thanks for sharing him with all of us in the business.
