“ I've tried for months to figure out what I wanted to say on this entry. I feel so sad and guilty that I didn't do this sooner. A year ago this month Joe had the nurse at St. John's call me when he had been admitted to the Emergency Room one Tuesday morning. I stayed the day with him while the doctors and nurses tried to get his nose-bleed under control. He was so scared. I saw the fear in his eyes. He was a great guy to work with all the years at The Herald Bulletin. He always referred to me as his other "daughter" and I'm very proud to think that he ught that much of me. Months have gone by and I'm still struggling to deal with his death. I've yet to feel closure. The arrangements were handled as he wanted so for that I'm glad. But it's been very tough to go through the grieving process with no visitation or services. I miss you a lot. Tammy

“ To Joe's family, I am so sorry to hear about Joe's death. He was not only a great co-worker at the newspaper but a great friend, too. Please know you're in my thoughts and prayers.

“ Sympathy upon the loss of your father. Billy, as he was known to me, was my first cousin. I am the son of Dave and Thelma Baker Richardson. Joe and Helen Baker were my aunt and uncle. Although I had lost track of Billy, I have many happy memories of attending Peru High School sports events with him, and spending time at the lake at their cottage. With sympathy, your cousin, Ken Richardson
