“ Joe was a wonderful man and I will miss seeing him. He took very good care of my husband each time he worked on his eyes . And always kidded around with me .

“ Not only was Joe my seventh grade student, but he was also my doctor. He was an excellent student and compassionate doctor. I always enjoyed my appointments because we often reminisced about his classmates at Northside. I always left my time in his office on a positive note. Joe's friendliness and caring will be deeply missed. Nina Kline

“ Dr. Joe had just done my cataracts in June. His gift of good sight was something I will treasure the whole rest of my life, thanks to him. My fiance, Paul Gray, was his junior high school coach. Joe also did his cataracts. Paul would come with me every visit to see Joe. Paul and Joe had so much fun reminiscing about their school days and the fun and funny times they all had back then. Joe was always one of Paul's favorites. What a fun, upbeat personality Dr. Joe had. He would always get us to laugh, no matter what day. It was just the way he told his stories. He had the greatest sense of humor. This is so sad. Blessings go to his entire family. We will all miss him...what a loss...

“ I will never forget how excited Dr. Woschitz was when he fitted me with bi-focal contact lens and "they were perfect." The bi-focal 'thing' was new then. We moved from Anderson a few years afterwards, but his "measurements" and fittings were used by future physicians who treated my eyes. Thank you Dr. Woschitz. My prayers are with your family and others who knew and loved you.

“ *Oh Patsy, Michelle and sweet Woschitz family know that you are all in our prayers. After the shock and sadness of news of Joe we both smiled and even laughed remembering the last eye exam. He had us in stitches recalling one of many stories from travels to the Super Bowl games. These stories were followed by the care and procedures of an expert in his field. He always ended the visit speaking lovingly about family. How special it was to know him, but even more so to see his love for his family. That love will always remain with each of you.*

“ Michelle.....I am broken hearted to learn of Joe's passing. He was truly a special person and friend, and an outstanding doctor. Even though I've lived out of Anderson for over 20 yrs I continued to travel back as his patient. We always had so much Anderson news to catch up on. Joe never met a stranger. He certainly lived life to the fullest every day. I am out of state for the service but will continue to hold you and your family close in prayer.

“ In the beginning, 20 years ago, I was just the hairdresser but it didn't take long to evolve into feeling a part of the Woschitz family and I am truly grateful and have been blessed.

One of many of our funny memories is- I saw Joe every 4 weeks and for the first couple of years he was chronically late, and would usually call me to keep me on the phone (chatting his head off) while he was driving to his already late appointment to make sure I'd still be there 🙋♀️🥰

Sometimes Michelle would call me and say " just fire him, throw him out!". We would all just giggle. The real reason I would wait, is because of who Joe was to me. A faithful friend, very genuine, A human encyclopedia, if you wanted to know anything he was the guy to ask, so trustworthy, always smiling, always wanting to make you laugh and to be happy! What made him extra special was how much he shared with everyone, especially his love for Michelle and his family was truly heartfelt and incredible! Such a special guy. With that said, and with a broken heart, I will truly miss my faithful friend, Joe Woschitz. Until we meet again, I will always raise my red coke up high in your honor. 🥳

Great memories watching Joe play ball in high school. I was privileged to umpire Babe Ruth games in the summers of high school when Brother Rick, Dave Sink and others played. Michelle, Praying for you and your family during this time. Our memories of Joe go back to Mad Ave Baseball. He and Michael were a true joy to be around; hard to believe that was 30 years ago. Then we kind of re-connected on FB with his "goofy" posts! He also treated my mother-in-law often and she always told us how she and Joe would just talk about Andy and me.
