“*Friendship: Is a special gift The beauty of friendship is this: It cannot be made, described or measured, for it is a precious gift of the heart. In so many special ways, In loving words of comfort, she was there. In happy words of praise, she was there for anybody. In taking time to talk awhile, to anyone she was there. In trying to understand, she was there to listen to what was said. In sharing other people's joys, The good times and the bad times, In helping when she can. I called you my sunshine because you made me laugh, cry, understand. I know you will see another special friend, that is Snoop. She loved that dog. I will miss you and you will not be forgotten. Love you, Diana Zeabart*
