“ It has taken me this long to decide what I wanted to say about Judy, and I still don't know if I can put into words the way I feel. I only knew Judy for a few short years, but she was one of the most wonderful people I knew. We had a special relationship, I knew I could always go to her and she would help me in any way she knew how. Judy was one in a million. She was like my second mother, not just my mother-in-law to be. During the last few months of her life, I took her to therapy, every other day, and I cherish the talks we had on those days. I miss her very much and think of her often. She raised a wonderful family, including an incredible son, and I thank her for teaching him the things to become such a strong and loving man. She took pride in her family, and one of her biggest joys was having us all together, and playing with her granddaughter. She loved us all very much, as we love her very much and miss her greatly. I wish I could turn back time and say more to her and give her a hug, but I know that she is in a better place now, and is waiting to see us all again! I love you Judy!

“ She was the only aunt I had. I valued her talent, opinions, and love that she gave to me and everyone that she knew. I was very close to her when I was young and unfortunately we grew apart but 6 weeks ago I saw her and let her know what I felt for her. I will miss her greatly and I know she is in a better place with no pain which is something she never had here.

“ *My mother was a very wonderful person. Devoted wife, loving mother, and caring grandmother. She was simply the best. We all loved her very much. I miss her so much, that words could not begin to describe how I feel, but I also know that she is in a better place now , and is no longer in pain. She was such a big part of my life, that it is hard to face the day without her. I just hope that she knows how much I loved her, and much I miss her.*
